This 2nd CAEFOCC is initiated by civil society organisations and aims to be a forum of exchange of experience and perspectives on important policy recommendations for the national and international climate change processes, bringing together representatives of policymakers and civil society organisations. This conference is part of a 1-year project supported by the Federal German Ministry for the Environment, Nature Conservation and Nuclear Safety in the framework of the International Climate Protection Initiative (ICI), based on a decision of the German Parliament. Furthermore support for the Forum was received from ACT Alliance and Women in Europe for a Common Future (WECF) "Empowerment and Local Action" program funded by the Netherlands Ministry of Foreign Affairs.

Background:

The First Central Asian European International Forum on Climate Change was held on 25-26th May, 2006 in Bishkek, Kyrgyzstan as dialogue platform for representatives of government, business and civil society from European Union and Central Asia. The Forum has been initiated by the Civic Environmental Foundation UNISON, Kyrgyzstan with support of the European Commission and VELUX Foundation under the auspices of the Ministry of Industry, Trade and Tourism of the Kyrgyz Republic.
